

FAASTeam Flight Instructor Open Forum

This presentation introduces instructional best practices for teaching Human Factors & Safety Culture. The Forum reviews Safety Risk Management, Pilot Proficiency, and Aviation Technology in the context of 3 elements that are essential to safe operations. It then introduces the topic of Human Factors and describes why they are important considerations for Flight Instructors. Examples of robust safety culture ingredients are cited and the audience is asked to compare their safety cultures to the examples.

Directions: Main flight school facility, enter through front door follow the crowd!

Prior to attending a safety seminar, please review and abide by current CDC, State and Local health guidelines.
